	Subtotal		12	4	4	20	100	-	500	-

PROGRAMME SPECIFIC OUTCOME

M. A. (Home Science)

Programme Specific Outcome(PSO)

To equip students for possible entrepreneurial ventures in various areas for gaining knowledge of foods and nutrition

- PSO 1:** To acquaints girls with Meal Planning for low and high economic group, for every disease ,for every age group.
- PSO 2:** To develop capacity for good communicative skills, child counseling and pre- school and school teaching, child rearing practices
- PSO 3:** To acquaints with proper notion regarding choice of fabrics ,to develop skills for clothing construction
- PSO 4:** Become aware of the need ,competencies and skills to be developed for Empowerment and be motivated for self improvement from the perspectives of personal and national development
- PSO 5:** Become aware of the inter-disciplinary of home science education and its potential for personal and professional enhancement.
- PSO 6:** Develop an ability to improve the nutritional quality of food.
- PSO 7:** Become aware of the interceptive and preventive family measures

Total Lectures: 30

Tentative Practical List

Note- This is tentative list; the teachers concern can add more programmes as per Requirement

1. Preparation of paper pattern for all age group.
 - (a) Creeping age
 - (b) Preschools
 - (c) For children wear
 - (d) For men's wear
 - (e) For ladies wear
2. Adoption of the basic block of various clothes and their stitchingsari –Blouses, salwar, chudidarkameez, petticoats, frock.
3. Making samples of traditional embroideries of India (any five)
 - a. Kashida of Kashmiri
 - b. Katha of Bengal
 - c. chikankari of Lucknow
 - d. Kutch Kathiawar
 - e. Phulkari of Punjab
 - f. Gold and silver (Zari work)
 - g. Kasuti of Karnataka
4. Free hand sketching of simple objects involving various shapes and forms.
5. Drawing designs for various textile articles by adopting principles of design.
6. Drawing and coloring a colour wheel.
7. Painting designs with different colour schemes.
8. Reducing & enlarging a design.
9. Creating various textures.
10. Identification of textile fibres
 - a. Visual, microscopic, burning and chemical
11. Garment construction
 - a. Drafting, cutting and stitching of simple garments, such as vest and bib. A- line dress and knickers. Sun suit / romper.
