Event Details

From January 7th to 28th, 2019, the Department of Computer Science and Application at Atal Bihari Vajpayee University, Bilaspur, organized a four-week duration free women entrepreneurship development program. The initiative aimed to inspire women towards self-employment and entrepreneurial ventures.

This program, orchestrated under the auspices of the Indian Institute of Entrepreneurship Development, Ahmedabad, and facilitated by the Chhattisgarh Industrial and Technical Consultancy Centre (CITCON), under the Ministry of Science & Technology, Government of India, New Delhi, had the objective of educating participants about governmental and financial institutions that support business operations. Moreover, participants received guidance on selecting suitable business opportunities.

A cohort of 25 participants successfully completed the program, marking a significant milestone in their entrepreneurial journey. During the event's culmination, Professor G.D. Sharma, the Vice Chancellor, alongside the coordinator, Dr. H.S. Hota, honored each participant with certificates, symbolizing their dedication and accomplishment.

To commemorate the success of the program, a group photograph was captured, reflecting the collective efforts and achievements of the participants and organizers alike.

The program stands as a testament to the university's commitment to fostering entrepreneurship and empowering women in the realm of business. It reflects a collaborative effort towards promoting self-reliance and economic independence among women.

Moving forward, the impact of such initiatives will resonate within the community, paving the way for a more inclusive and empowered society.
